Personal Profile

I am a self-motivated, fun-loving, honest, determined and goal-oriented IT professional with more than 8 years of experience having a passion for software development and learning new technologies. As a team player, I have strong technical skills, managerial skills as well as interpersonal skills, enabling me to interact with a wide range of clients and quality work. I have experience in developing large scale system, managing and leading teams in multiple sectors. I strongly believe that I have the passion and a positive attitude to work in a team and benefit people and organizations eventually.
